

# ABOUT US

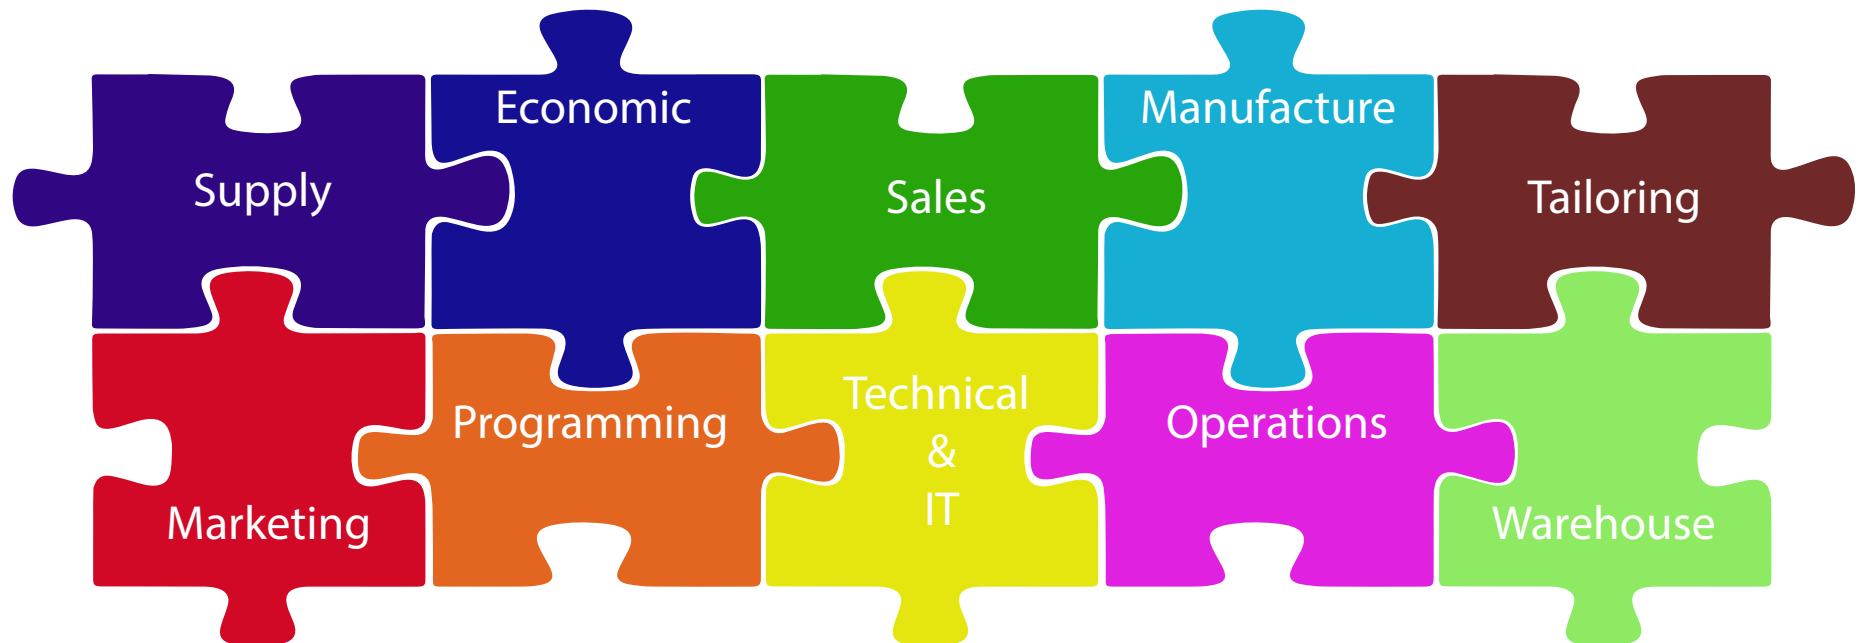

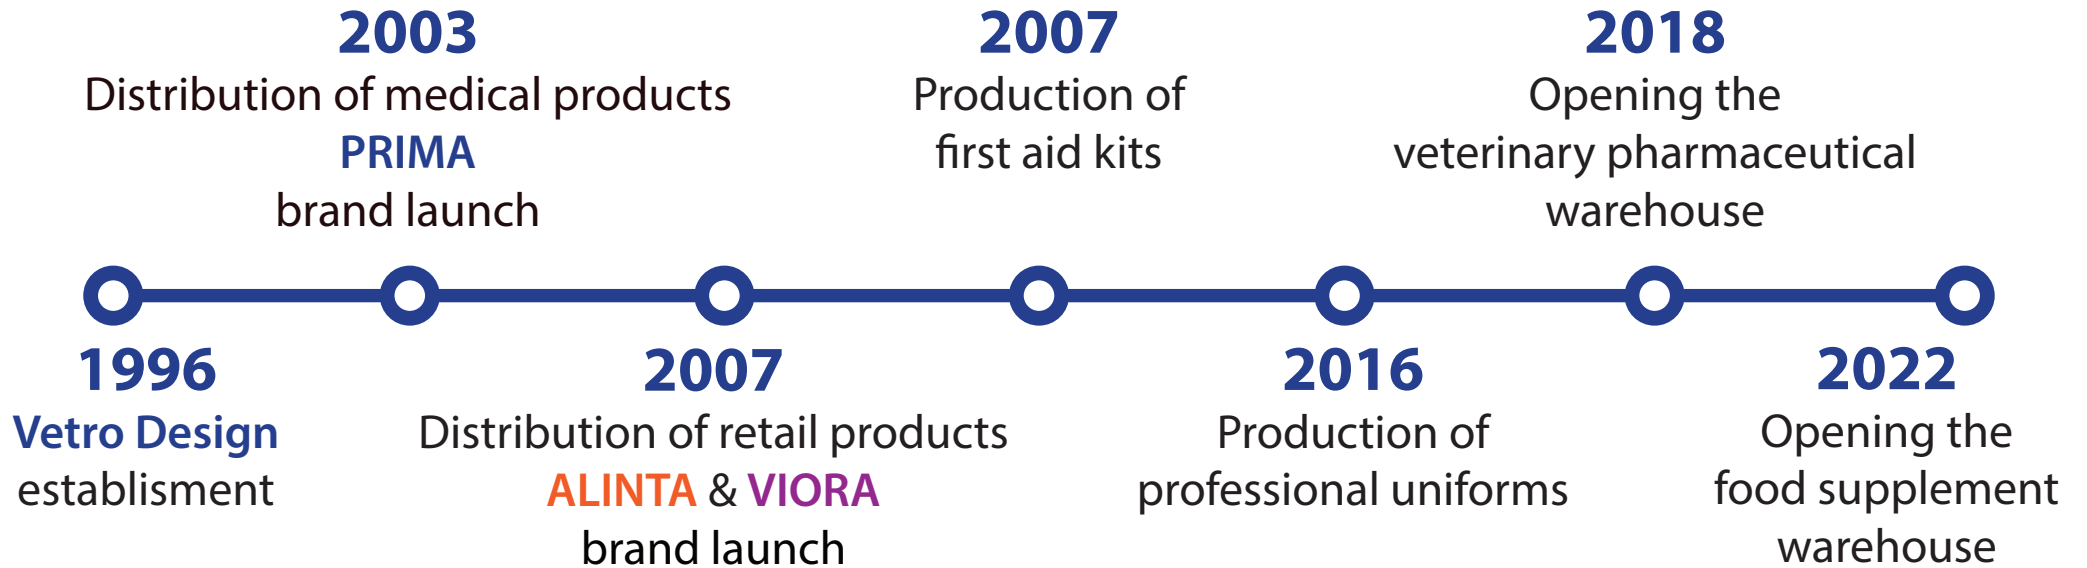

Established in 1996, **Vetro Design** is a company with over 60 employees, exclusively operating with Romanian capital. Our company holds a leading position as an importer, distributor, and exporter in Romania, specializing in medical devices, laboratory equipment, medical and dental products, as well as professional articles for beauty, cleaning, and hygiene. We also manufacture and distribute sanitary first aid kits, providing optimal solutions for our respective industries. Our production line encompasses medical and office uniforms, hospital linens, and textile products for veterinary use, offering customization options through screen printing and embroidery. With a storage capacity exceeding 10,000 square meters, we are recognized as one of the nation's premier warehouses for disposable healthcare products. Our dedicated team ensures swift and consistent distribution to clients nationwide in Romania, across the European Union, and globally.

# INFRASTRUCTURE

# THE EVOLUTION OF THE COMPANY

# WORK SPACE

At **Vetro Design**, our workstations are strategically positioned to facilitate seamless access for employees, ensuring efficiency and productivity. Our modern, ergonomic offices prioritize employee comfort, fostering a conducive work environment. Annually, we undergo rigorous audits by TÜV Rheinland to assess our Occupational Health and Safety Management System, complying with ISO 45001 and ISO 14001 standards. These standards, coupled with eco-management principles, enable us to minimize our environmental footprint while maximizing sustainability.

# THE OPTIMAL SOLUTION

## Product Portfolio and Operational Excellence

Our product portfolio includes over 7000 items readily available in stock. With efficient logistics, we ensure swift delivery within 24 hours to destinations across Europe and beyond.

## Quality Assurance

Every item undergoes rigorous quality control measures to adhere to European Union standards, ensuring reliability and compliance with the highest industry benchmarks.

## The Vetro Design Team

Comprizing dedicated and dynamic professionals, the Vetro Design team is always ready to assist. We provide comprehensive support, offering insights into our product range, accommodating requests for new items, and sharing information on ongoing promotions.

## Commitment to Excellence

Driven by our commitment to excellence, we actively engage in national and international trade fairs and exhibitions annually. This not only allows us to enhance our product offer but also provides invaluable opportunities to connect with our customers and gain insights into their evolving needs.

# WHERE DO WE SELL?

At **Vetro Design** – we take pride in our position as the foremost importer, distributor, and exporter of a wide range of essential products. From medical devices and laboratory equipment to professional items for the beauty industry and cleaning and hygiene products, we provide a comprehensive solution for various industries.

## Our Presence:

With a vast selection of products available, **Vetro Design** operates through multiple channels. Our online store, [www.vetro.ro](http://www.vetro.ro), serves as a convenient platform for customers. Additionally, we collaborate with renowned platforms both domestically and internationally, including EMAG.RO, EMAG.BG, EMAG.HU, CEL, ROMEDIC, TEAMDEALS, DORALY, GO PHARMA, and ELEFANT.RO, ensuring accessibility and convenience for our clients.

In addition, we actively participate in auctions facilitated by the Collaborative Information System for Public Procurement (SICAP) and maintain a presence on [www.e-licitatie.ro](http://www.e-licitatie.ro).

## Our Commitment:

- Competitive Pricing:** Direct imports guarantee cost savings.
- Streamlined Procurement:** All products available in a single source, reducing time and expenses.
- Quality Assurance:** Rigorous quality control, ensuring that all products undergo thorough inspection from production to delivery, and comply with EU standards.
- Efficient Delivery:** Worldwide shipping within 24 hours of order confirmation, with favorable shipping terms available anywhere in the world.
- Extensive Inventory:** 10000 m<sup>2</sup> warehouses stocked and ready to fulfill orders of any size, catering to the unique requirements of each customer.

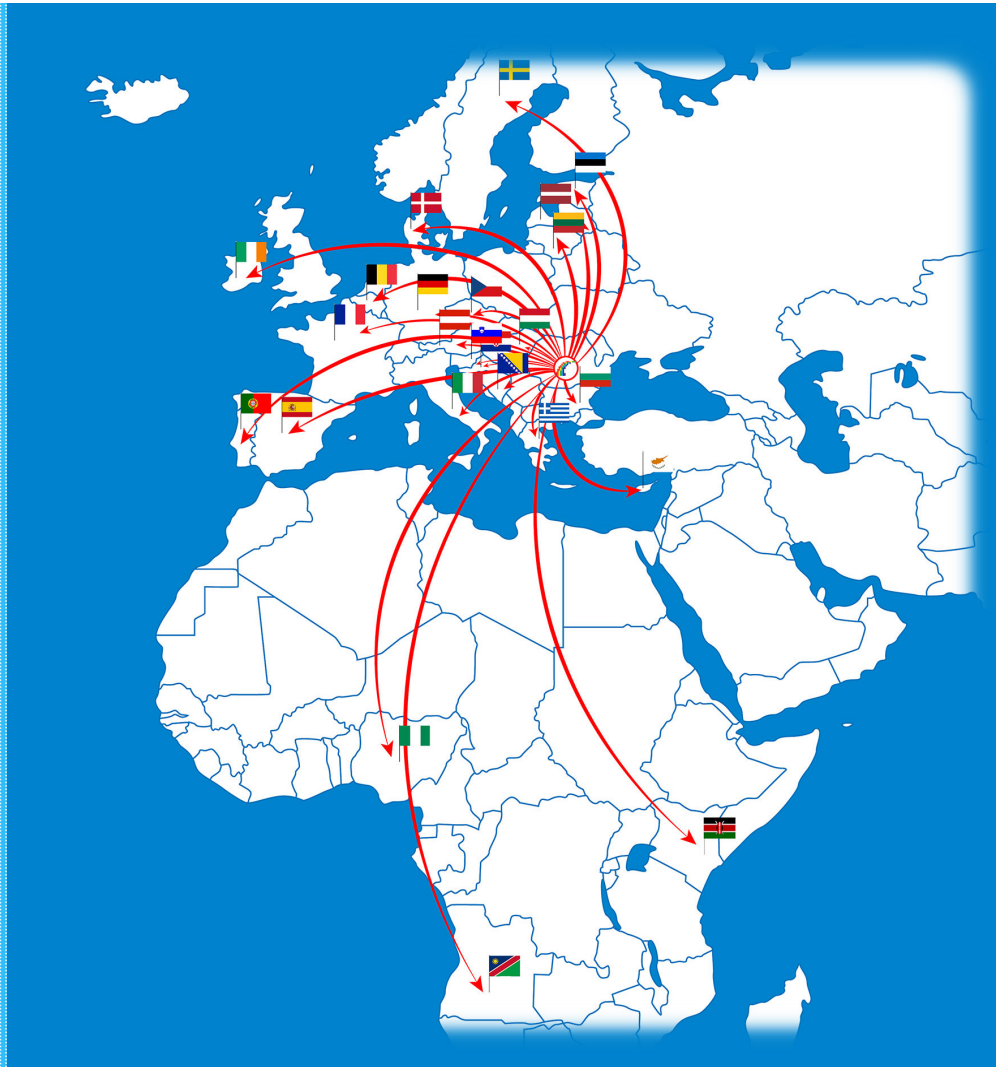

With over 28 years of national and international presence, Vetro Design exports to 22 countries, including top partners such as the Czech Republic, Greece, Denmark, Portugal, Estonia, Hungary, Austria, Belgium, Nigeria, Namibia, Kenya, and others.

# OUR BRANDS

The flagship brand of our company, **PRIMA®**, enjoys significant recognition in Romania. With over 7,000 items marketed under this label, the brand has established a robust presence in the domestic market. We launched the **PRIMA®** brand in 2003 to uphold our commitment to quality, foster trust, and meet the technical specifications of our product range.

Given that the **PRIMA®** brand encompasses various product ranges utilized across complementary fields, it can appropriately be regarded as an umbrella brand. Consequently, it encompasses products designed for the following sectors: medical and dental, veterinary, cosmetic, and occupational hygiene and protection.

The **VIORA®** brand was registered in 2007 and includes a range of products and cleaning solutions, such as soaps, detergents, and air fresheners. These products play a vital role in the "Hygiene/Cleaning/Hospitality" sector, with the majority of our clients operating within these fields. The brand name, derived from the Romanian verb "a inviora" (to refresh), embodies the idea of freshness attained through the use of our products.

Under the **ALINTA®** brand, we offer products designed for retail sale, such as plasters, band-aids, bandages, ovulation and pregnancy tests, earplugs, and various other items available for purchase at pharmacies or supermarkets. Introduced to the Romanian market in 2007, the name **ALINTA®** derives from the verb "a alinta" (to pamper) symbolizing the benefits offered: pain relief and consumer comfort.

*Therefore, we assure our customers that when they choose Vetro Design brands, they can expect products of a guaranteed quality level at competitive prices.*

above us is only the rainbow

## VISION, MISSION AND VALUES

Our vision is to become a benchmark in all sectors where we operate, consistently delivering value to our customers, partners, colleagues, and community. By offering products that adhere to rigorous quality standards, we are dedicated to not just meeting but surpassing our customers' expectations. We aim to be the preferred business partner and the optimal solution in our industry.

Our mission is to provide our customers with a comprehensive portfolio of professional products tailored to the fields of health, beauty, hygiene, cleaning and catering.

Continuously enhancing the overall performance of our organization, we strive to better understand your needs and preferences. Our objective is to deliver products of superior quality and build a trustworthy, enduring partnership by striving to fulfill both your needs and desires to the best of our ability.

The values guiding our daily operations include respect for our customers, prioritization of product safety and innovation, and pursuit of excellence through investments in company development. Additionally, we uphold the values of passion, perseverance, and integrity within our cohesive team of professionals.
